

## CONTENTS

### **Session I: Fluorosis**

Suitability of the TF-Dental Fluorosis Index for Detection of Fluoride Sources .....	7-11
<b><i>L Mabelya, H A van't Hof, H W van Palenstein Helderma and K G König, Tanzania and Holland</i></b>	
Fluoride Levels in Water and Endemic Fluorosis in Ethiopian Rift Valley ..	12-16
<b><i>R Tekle-Haimanot, A Fekadu, B Bushera and Y Mekonnen, Ethiopia.</i></b>	
The Occurrence of Fluoride Contaminated Magadi (Trona) in Kenya and Tanzania.....	117-22
<b><i>J M Nielsen and E Dahi, Denmark</i></b>	
Severe Fluorosis in Children Consuming Fluoride Containing Magadi.....	23-28
<b><i>W H van Palenstein Helderma, E Mkasabuni, H Mjengera and L Mabelya, Holland and Tanzania</i></b>	
Fluoride and Fluorosis in the Sudan.....	29-32
<b><i>Y Ibrahim, A A Affan and K Bjorvatn, Sudan and Norway</i></b>	

### **Session II: Processes & Mechanisms**

Mechanisms of Defluoridation of Drinking Water by Tricalcium Phosphate.....	33-38
<b><i>G L He, Y Chang and R D Ji, China</i></b>	
Effect of pH on Defluoridation of Water by Magnesite .....	39-43
<b><i>J J Singano, D A Mashauri, E Dahi and F W Mtalo, Tanzania and Denmark</i></b>	
Sorption Isotherms of Fluoride on Flocculated Alumina .....	44-48
<b><i>E Dahi, H Bregnhøj, and L Orio, Denmark</i></b>	
Use of Activated Clay for Defluoridation of Water.....	49-55
<b><i>K Bjorvatn and A Bårdsen, Norway</i></b>	
Fluoride Sorption Isotherm in Fired Clay .....	56-59
<b><i>A Bårdsen and K Bjorvatn, Norway</i></b>	

### **Session III: Process Kinetics**

Optimum Operation of Counter-Current Water Defluoridation System .....	60-64
<b><i>D S Bhargava, India</i></b>	
Kinetics of Uptake of Fluoride on Bone Char in Batch .....	65-76
<b><i>H Bregnhøj and E Dahi, Denmark</i></b>	
Kinetics of Defluoridation of Water by Calcined Magnesia and Clay .....	77-83
<b><i>E Dahi, J Singano and J M Nielsen, Denmark</i></b>	
Modelling Defluoridation of Water in Bone Char Columns.....	84-95
<b><i>H Bregnhøj, E Dahi and M Jensen, Denmark</i></b>	

### **Session IV: Testing/Preparation Methods**

Significance of Oxygen in Processing of Bone Char for Defluoridation of Water .....	96-103
<b><i>E Dahi and H Bregnhøj, Denmark</i></b>	
Measurement of Fluoride in Magadi.....	104-108
<b><i>J M Nielsen and E Dahi, Denmark</i></b>	

### **Session V: Field Experiences**

Water Defluoridation for Rural Fluoride Affected Communities in Tanzania.....	109-114
<b><i>F J Gumbo and G Mkongo, Tanzania</i></b>	
The Applied ICOH Defluoridator .....	115-117
<b><i>S Rajchagool, Thailand</i></b>
