

International Organising Committee:

Kjell Bjorvatn, Professor	Kjell.Bjorvatn@odont.uib.no
Eli Dahi, Professor, Chairman	elidahi@tiscali.dk
David Kennedy, Dr.	davidkennedy-dds@cox.net
Sunsanee Rajchagool, Director, Vice Chairperson	icoh@loxinfo.co.th
A. K. Susheela, Professor	susheela@del6.vsnl.net.in
Wim van Palenstein Helderma, Professor	w.vanpalenstein@dent.kun.nl

Advisory Committee:

Vallop Thaineua, Dr., Director of Department of Health
 Wirat Pattanaporn, Dr.
 Prathip Phuntumvanit, Assoc. Prof.
 Rawadee Taupradist, Dr.
 Pakarat Nitisiri, Dr.
 Suvit Kattiyavong

National Organising Committee:

Sasitorn Chaiprasitti	Chalermpong Chittaisong
Wuttichai Choompolkul	Kaneong Chuprathet
Amporn Detpithak	Thitiporn Kahatta
Monton Kongpun	Nirut Koonphol
Kamol Laohakul	Punnipa Laohapensang
Patcharin Lekswat	Somsak Lertjerajaras
Nipaphan Osiriphan	Jumpol Promsakha Na Sakolnakorn
Pattama Promrut	Wimolsri Puangpinyo, Secretary
Puangtong Pukrittayakamee	Sunsanee Rajchagool, Director, Chairperson
Numpueng Ratanapiboon	Oranuch Ritchitpian
Nitraporn Rujanawisan, Assist. Secretary	Tipaporn Satiensakpong
Pacharawan Srisilapanan	Wilai Tansukanun
Chantana Ungchusak	Chalermchai Vuttipitayamongkol
Boonaur Yongvanichakorn	

TABLE OF CONTENTS

Session 1: Epidemiology

Dental Fluorosis in the Deciduous Dentition of Ethiopian Children K Bjorvatn*, F Wondwossen, G Shifara, A Bårdsen, R Tekle-Haimanot, MM Atashgahy and L Skartveit.....	9-13
Community Perception on Fluoride and Related Health Problems in a Fluorotic Area in Ethiopia Z Melaku, S Ismail, A Nordrehaug and R Tekle-Haimanot	14-21
Occurrence of Fluorosis due to Geothermal Sources in a Northern Thailand Subdistrict W Noppakun, B Ratanasthein, T Prapamontol, P Asanchinda, K Obsuwan, J Na Suwan J and M Promputha.....	22-29
Relation between Clinical and Perceived Dental Fluorosis among Adolescents in Arusha, Tanzania K Mashoto, A N Åstrøm and A Bårdsen	30-41

Session 2: Methods and Occurrence

Correlation of Fluoride and Iron Concentrations in Rift Valley Aquifer of Jimma, Ethiopia S. Tsewa Meskel	45-50
Experiences on Combating Fluorosis Cases in India A.K. Susheela and M Bhatnagar	51-60
Bone Char Quality and Defluoridation Capacity in Contact Precipitation J. AlbertusH. Bregnhøj* and M. Kongpun**	61-72
Nomograph for Defluoridation of Water in Batch using Fish Bone Char D S Bhargava	73-79
Comparative Study of Fluoride Sorption Behaviour on Activated Carbon and Bone Char R Watanesk and S Watanesk	80-83
Sorption Study for Defluoridation by Bone Char S Watanesk and R. Watanesk	84-88

Session 3: Field: Defluoridation & Management

Effectiveness of Domestic Defluoridator in Preventing Fluorosis in Kekirawa, Sri Lanka	
J. P. Padmasiri	91-96
A Case Study of Fluorosis Mitigation in Dungarpur District, Rajasthan, India	
A. K. Vaish & P Vaish	97-104
Key Factors for Sustainability of Fluoride Management Programme with Special Reference to Rajasthan, India	
P Vaish & A. K. Vaish	105-110
Demand Responsive Fluorosis Prevention in a village in Thailand	
A Bravo, H Bregnhøj, J P N Sakolnakorn, N Rattanapibool	111-120
Decentralization and Community Participation in Dealing with Fluorosis in Lampang Province, Thailand	
C Vuttiapitayamongkol	120-124
A Case study on Community Decision Making to Combat Fluorosis in Mae-Son, Thailand	
W Tansukanun	125-130

Session 4: Guidelines

On the Standard Setting of Fluoride in Water: From Cookbook to Bible	
S Rajchagool, C Rajchagool.....	133-140
The State of Art of Small Community Defluoridation of Drinking Water	
Eli Dahi	141-170

Workshop Responsum to WHO

Participants' Comments on WHO Draft Publication WSH/DRATFT/99.9 Fluoride in Drinking Water.....	Fel! Bokmärket är inte definierat.
